

Instant Rebates!

Point-of-Sale Foodservice Rebate Program

Help Save Money, Energy and Water!

Eligible SoCalGas® customers that purchase and install qualifying high-efficiency natural gas foodservice equipment may be eligible for discounts at the register through the Instant Rebates! program. For more information, contact or visit a participating dealer. See list on following page.

Qualifying Foodservice Equipment

There are various types of eligible natural gas foodservice equipment with rebates of up to \$2,400 per oven. For a full list of qualifying equipment, download the SoCalGas Qualifying Products List at: www.caenergywise.com/rebates.

Qualifying Equipment	Rebate	Estimated Lifetime Savings ¹	Estimated % Savings Over Standard Efficiency ¹
Fryer	\$749 per vat	\$5,460	33%
Convection Oven	\$500 per cavity	\$2,490	24%
Combination Oven	\$1,100 - \$2,400* per oven	\$11,590	52%
Rack Oven	\$2,000 per cavity	\$20,960	39%
Steamer	\$1,800 per cavity	\$25,850	66%
Griddle	\$100 per foot	\$1,250	30%
Conveyor Oven	\$750 per oven	\$8,800	25%
Dishwasher	\$250 per unit	\$2,560	43%
Conveyor Broiler	\$1,260-\$1,900** per unit	\$20,710	43%
Pre-Rinse Spray Valve	\$20 per unit	\$130	16%
Underfired Broiler	\$650 per unit	\$6,320	19%

Earn Lifetime Savings with High-Efficiency

Major cooking appliances account for almost 35 percent of the average restaurant's energy expenditures.² Efficient equipment can decrease your energy use by as much as 75 percent.³

High-efficiency equipment uses less natural gas and water, so you pay less on your utility bills.

*Rebate varies by number of pans.

**Rebate varies by size of unit.

¹ Lifetime and percent savings were estimated based on current CA IOU workpaper lifetime savings values, 2020 EIA natural gas pricing for California (\$0.83 per therm), and annual savings as a fraction of baseline case annual energy usage. Actual savings may vary.

² Energy consumption savings based on comparison of annual gas consumption for high-efficiency and standard-efficiency units of equivalent size and capacity. Actual savings may vary. Calculations dated on 1/7/2020.

³ Energy consumption for commercial kitchens based on Energy Star study: https://www.energystar.gov/ia/business/small_business/restaurants_guide.pdf. Actual savings may vary.

Instant Rebates! Point-of-Sale Foodservice Rebate Program

Receive a discount directly at the register when you purchase qualified natural gas foodservice equipment from a participating dealer (see below). Additional dealers may be enrolled in the program and can assist with your instant rebates.*

For more information on the Instant Rebates! Point-of-Sale Foodservice Rebate Program, please email InstantRebates@energy-solution.com or call (714) 787-1098.

Energy Solutions is the SoCalGas authorized contractor responsible for administering this program through 03/31/2021.

The Instant Rebates! Point-of-Sale Foodservice Rebate Program is funded by California utility customers and administered by Southern California Gas Company (SoCalGas®) under the auspices of the California Public Utilities Commission, through a contract awarded to Energy Solutions. Program funds will be allocated on a first-come, first-served basis until such funds are no longer available. This program may be modified or terminated without prior notice. SoCalGas makes no warranty, whether expressed or implied, including warranty of merchantability or fitness for particular purpose of selected goods and services. California customers who choose to participate in this program are not obligated to purchase any additional services offered. Actual savings may vary from the estimated savings set forth herein and will depend on various factors, including geographic location, weather conditions, equipment installed, usage rates and so forth.
